INFORMATION CIRCULAR

(As at October 15, 2021, except as indicated)

Lumina Gold Corp. (the “**Company**”) is providing this information circular (the “**Circular**”) and a form of proxy in connection with management’s solicitation of proxies for use at the annual general and special meeting (the “**Meeting**”) of the Company to be held at 410 – 625 Howe Street Vancouver, British Columbia, V6C 2T6, on Tuesday, November 23, 2021 at 10:30 a.m. (Pacific Time), and at any adjournments thereof, for the purposes set forth in the accompanying notice of meeting (the “**Notice of Meeting**”).

Due to the ongoing COVID-19 pandemic and provincial and federal guidance regarding public gatherings, shareholders and proxyholders are encouraged not to attend the Meeting in person in order to mitigate potential risks to the health and safety of shareholders, employees, and the community. There will be strict limitations on the number of persons permitted entry to the physical meeting location and guests will not be permitted entry. We strongly recommend that all shareholders vote by proxy or voting instruction form in advance of the Meeting date.

The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact with shareholders. The Company will pay the cost of solicitation.

All currency figures in this Circular are in Canadian dollars, unless otherwise indicated.

NOTICE-AND-ACCESS

The Company is sending proxy related materials to its registered and non-registered (beneficial) shareholders using “notice-and-access”, as defined under National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*. Notice-and-access is a set of rules for reducing the volume of materials that must be physically mailed to shareholders by allowing issuers to post their information circular and additional materials online. Instead of receiving paper copies of meeting materials, shareholders receive a “notice-and-access notice” containing prescribed information, as well as a form of proxy or voting information form, as applicable.

The Company will not use procedures known as “stratification” in relation to its use of the notice-and access provisions in relation to the Meeting. Stratification occurs when a reporting issuer using notice and-access provides a paper copy of the relevant information circular to some, but not all, shareholders with the notice package in relation to the relevant meeting.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder’s behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed on the form of proxy are officers or directors of the Company (the “**Management Proxyholders**”).

A shareholder has the right to appoint a person other than a Management Proxyholder to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the form as mailed. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Common shares of the Company (“**Common Shares**”) represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. As of the date of this Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc. at 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, Attention: Proxy Department, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting or any adjournment thereof, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of Common Shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders because the Common Shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the Common Shares; bank, trust company, trustee or administrator of self-administered RRSPs, RRIFs, RESPs and similar plans; or clearing agency such as the Canadian Depository for Securities Limited (a “**Nominee**”). If you purchased your Common Shares through a broker, you are likely a non-registered holder.

In accordance with relevant securities laws and regulations, the Company has distributed copies of the notice-and-access notice and form of proxy to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Common Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you

should carefully follow the instructions from the Nominee in order to ensure that your Common Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting. However, due to the ongoing COVID-19 pandemic and provincial and federal guidance regarding public gatherings, shareholders and proxyholders are encouraged not to attend the Meeting in person in order to mitigate potential risks to the health and safety of shareholders, employees, and the community. There will be strict limitations on the number of persons permitted entry to the physical meeting location and guests will not be permitted entry. We strongly recommend that all shareholders vote by proxy or voting instruction form in advance of the Meeting date.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as “non-objecting beneficial owners” (“**NOBOs**”). Those non-registered holders who have objected to their Nominee disclosing ownership information about themselves to the Company are referred to as “objecting beneficial owners” (“**OBOs**”).

The Company is not sending the Meeting materials directly to NOBOs in connection with the Meeting, but rather has distributed copies of the Meeting materials to the Nominees for distribution to NOBOs.

The Company does not intend to pay for Nominees to deliver the Meeting materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to OBOs. As a result, OBOs will not receive the Meeting materials unless their Nominee assumes the costs of delivery.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a shareholder, his or her attorney authorized in writing or, if the shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by an instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of Common Shares, of which 374,124,534 Common Shares were issued and outstanding as of October 7, 2021 (the “**Record Date**”). Persons who are registered shareholders at the close of business on the Record Date will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each Common Share held. The Company has only one class of shares.

To the knowledge of the directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, Common Shares carrying 10% or more of the voting rights attached to all shares of the Company, other than the following:

Name	No. of Common Shares Beneficially Owned, Controlled or Directed, Directly or Indirectly	Percentage of Outstanding Common Shares

⁽¹⁾ Does not include 1,350,000 Company options granting Mr. Beaty the right to acquire an additional 1,350,000 Common Shares.

The directors of the Company are elected at each annual general meeting and generally hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, proxies will be voted for the nominees listed herein.

Donald Shumka was a director of Paladin Energy Ltd. (“**Paladin**”) while it was the subject of a cease trade order issued by the Ontario Securities Commission on October 4, 2017 as a result of Paladin’s failure to file its annual information form, audited financial statements, related management’s discussion and analysis and officer certifications for the year ended June 30, 2017. This was the result of Paladin being in voluntary administration at the time and not being able to release financial information. Paladin’s shares were suspended from trading on the Toronto Stock Exchange (“**TSX**”) on May 18, 2017 and from the Australian Stock Exchange (“**ASX**”) on June 12, 2017. On August 10, 2017, Paladin’s shares were delisted from the TSX. Paladin’s shares were reinstated for trading on the ASX on February 16, 2018 and it does not plan on applying to have its shares re-listed on the TSX. The cease trade order was revoked by the Ontario Securities Commission effective June 29, 2018. Mr. Shumka resigned as a director of Paladin on December 8, 2017.

EXECUTIVE COMPENSATION

Report on Executive Compensation

The overall objective of the Company's compensation program is to attract and retain directors and officers with appropriate expertise to assist the Company with its business goals and objectives. The Company does not currently have a compensation committee. The Company's board of directors (the "Board") is responsible for the determination and review of the Company's executive compensation arrangements. The Company considers that its current directors have sufficient industry knowledge and experience, through other executive and corporate positions held, to fulfill the needs of the Company in formulating executive compensation arrangements.

The Company's compensation structure is designed to reward performance and to be competitive with the compensation arrangements of other Canadian resource companies of similar structure, size and scope of operations. Each executive officer's position is evaluated to establish skill requirements and level of responsibility and this evaluation provides a basis for internal and external comparisons of positions. In addition to industry comparables (which are based primarily upon the directors' knowledge and experience), the Board considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-term interests of the Company and its shareholders, overall financial and operating performance of the Company and the Board's assessment of each executive's individual performance and contribution towards meeting corporate objectives. Executive officers' compensation is composed of three major components: (i) base salary; (ii) cash bonus; and (iii) stock options. Interested executives do not participate in reviews, discussions or decisions of the Board regarding this remuneration.

Base salary ranges are determined at the discretion of the Board utilizing the knowledge of the Company's directors with regard to similar positions in Canadian resource companies of comparable size and scope of operations. The salary for each executive officer's position is then further determined having regard to the incumbent's responsibilities, individual performance factors, overall corporate performance, potential for advancement, and the assessment of the Board of such matters as are presented by management.

The second component of executive officers' compensation is cash bonuses. In light of a recommendation from the directors or management, the Board may grant executive officers cash bonuses. To date the performance criteria and objectives considered by the Board for determining the availability of such bonuses include the Company's share performance generally and each executive officer's role in the progress of the Company's main mineral projects.

The third component of the executive officers' compensation is stock options. The Board may from time to time grant stock options to executive officers under the Company's 10% rolling stock option plan (the "**Stock Option Plan**"). Grants of stock options are intended to align the interests of the executive officers with those of the shareholders over the longer-term. Options to purchase up to 2,000,000 Common Shares were granted to executive officers during the fiscal year ended December 31, 2020.

The Board does not directly correlate the relationship between the different elements of compensation in determining the overall compensation plan.

The Company does not currently have any employment contracts with its executive officers.

Compensation Discussion and Analysis

Compensation paid to the Company's Named Executive Officers (as defined below) during the fiscal year ended December 31, 2020 consisted of salaries, bonuses and option-based awards. No other compensation was paid to these individuals during the fiscal year. There have been no significant changes to the compensation structure of the Company since December 31, 2020 to the date of this Circular.

In determining whether to grant options to executive officers of the Company, management proposes a number of options to be granted based on an executive officer's individual performance, and the performance of the Company based on that individual's activities. The Board has final approval for any such proposals. The Board does not generally consider the number of stock options held from previous grants when considering new grants but does consider the timing of such grants (i.e. grants are generally not made to an individual more frequently than on an annual basis).

Option-based Awards

The Stock Option Plan has been and will be used by the Board to provide stock options which are granted in consideration of the level of responsibility of the director and executive officer as well as his or her impact and/or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted, the Board takes into account the total number of options previously granted across the Company. The Company ensures that the exercise prices of any options granted are determined in accordance with the policies of the TSX Venture Exchange (the "**TSX-V**"). It is the Company's intention to closely align the interests of the beneficiaries of stock option grants with the interests of the Company's shareholders.

Compensation Risk Management and Mitigation

The Board has considered the implications of the risks associated with, and is responsible for setting and overseeing, the Company's compensation policies and practices. The Board does not provide specific monitoring and oversight of compensation policies and practices, but does review, consider and adjust these matters annually. The Company does not use any specific practices to identify and mitigate compensation policies that could encourage a Named Executive Officer or individual at a principal business unit or division to take inappropriate or excessive risks. These matters are dealt with on a case-

by-case basis. The Company currently believes that none of its policies encourage its Named Executive Officers to take such risks. The Company has not identified any risks arising from its compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

The Board has approved resolutions prohibiting the directors and officers of the Company from directly or indirectly, engaging in any kind of hedging transaction that could reduce or limit the director's or officer's economic risk with respect to the director's or officer's holdings, ownership or interest in or to Common Shares or other securities of the Company, including, without limitation, outstanding stock options or other compensation awards the value of which are derived from, referenced to or based on the value or market price of the Common Shares or other securities of the Company. Prohibited transactions include the purchase by a director or officer of financial instruments, including, without limitation, prepaid variable forward contracts, equity swaps, collars, units of exchange funds, puts, calls or other derivative securities that are designed to hedge or offset a decrease in market value of equity securities of the Company.

Given the evolving nature of the Company's business, the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

CORPORATE GOVERNANCE

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. Pursuant to National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101"), the Company must disclose its approach to corporate governance which is set out below.

Board of Directors

The Board currently consists of six directors: Marshall Koval, Lyle Braaten, Donald Shumka, Michael Steinmann, Heye Daun and Stephen Stow. NI 58-101 distinguishes between independent and non-independent directors. For the purposes of NI 58-101, directors who have a direct or indirect material relationship with the Company, including directors who are or have been within the last three years, an employee or executive officer, are deemed to be not independent of the Company. Marshall Koval, the current Chief Executive Officer of the Company, and Lyle Braaten, the current VP Legal Counsel of the Company, are not independent. Messrs. Shumka, Steinmann, Stow and Daun have no direct or indirect material relationship with the Company, and are therefore considered independent.

The mandate of the Board is to supervise the management of the Company and to act in the best interests of the Company. The Board acts in accordance with:

- (1) the *Business Corporations Act* (British Columbia);
- (2) the Company's Notice of Articles and Articles;
- (3) the Company's code of ethical conduct;
- (4) the charter of the Audit Committee; and
- (5) other applicable laws and Company policies.

The Board approves all significant decisions that affect the Company before they are implemented. The Board then supervises their implementation and reviews the results.

The Board is actively involved in the Company's strategic planning process. The Board discusses and reviews all materials relating to the strategic plan with management and is responsible for reviewing and approving the strategic plan. At least one Board meeting each year is devoted to discussing and considering the strategic plan, which takes into account the risks and opportunities of the business. Management must seek the Board's approval for any transaction that would have a significant impact on the strategic plan.

The Board periodically reviews the Company's business and implementation of appropriate systems to manage any associated risks, communications with investors and the financial community and the integrity of the Company's internal control and management information systems. The Board also monitors the Company's compliance with its timely disclosure obligations and reviews material

disclosure documents prior to distribution. The Board periodically discusses the systems of internal control with the Company's external auditor.

The Board is responsible for choosing the President and appointing senior management and for monitoring their performance and developing descriptions of the positions for the Board, including the limits on management's responsibilities and the corporate objectives to be met by management.

The Board approves all of the Company's major communications, including annual and quarterly reports and financing documents. The Company communicates with its stakeholders through a number of channels including its website.

The Board, through the Audit Committee, examines the effectiveness of the Company's internal control processes and management information systems. The Board consults with the management of the Company to ensure the integrity of these systems. Management submits a report to the Audit Committee each year on the quality of the Company's internal control processes and management information systems.

Participation of Directors in Other Reporting Issuers

The participation of the directors with other reporting issuers is described in the table provided under "Election of Directors" in this Circular.

Orientation and Continuing Education

The Board briefs all new directors with the policies of the Board, and other relevant corporate and business information.

Board members are encouraged to: communicate with management, auditors and technical consultants; keep themselves current with industry trends and developments and changes in legislation with management's assistance; and attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

Ethical Business Conduct

The Company has adopted a written Code of Ethical Conduct (the "**Code**") for its directors, officers and employees. As one measure to ensure compliance with the Code, the Board has also established a Whistleblower Policy which details complaint procedures for financial concerns. The full text of these policies is available free of charge to any person upon request to the Secretary of the Company at 410 - 625 Howe Street, Vancouver, British Columbia, V6C 2T6 (Telephone: (604) 646-1899).

In addition, as some of the directors of the Company also serve as directors and officers of other companies engaged in similar business activities, the Board must comply with the conflict of interest provisions of the *Business Corporations Act* (British Columbia), as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke any such conflict.

Nomination of Directors

The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Company's mission and strategic objectives, and a willingness to serve.

If a candidate looks promising, the Board will conduct due diligence on the candidate and if the results are satisfactory, the candidate is interviewed and may be invited to join the Board.

Compensation

The Board conducts periodic reviews with regard to directors' compensation. To make its recommendation on directors' compensation, the Board takes into account the types of compensation and the amounts paid to directors of comparable publicly traded Canadian companies and aligns the interests of directors with the return to shareholders.

Other Board Committees

The Company does not have any standing committees, other than the Audit Committee.

Assessments

In order to satisfy itself that the Board and its individual directors are performing effectively, the Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and the Audit Committee.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No current or former director, executive officer or employee of the Company or any of its subsidiaries is, as at the date of this Circular, indebted to the Company or any of its subsidiaries in connection with the purchase of any securities of the Company or for any other reason, and no such person's indebtedness to any other entity is the subject of a guarantee, support agreement or understanding provided by the Company or any of its subsidiaries.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as set out herein, no person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year, no proposed nominee of management of the Company for election as a director of the Company and no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership or otherwise, in matters to be acted upon at the Meeting other than the election of directors or the appointment of auditors.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as set out herein, no informed person or proposed director of the Company and no associate or affiliate of the foregoing persons has or has had any material interest, direct or indirect, in any transaction since the commencement of the Company's most recently completed financial year or in any proposed transaction which in either such case has materially affected or would materially affect the Company or its subsidiaries.

MANAGEMENT CONTRACTS

Management functions of the Company are substantially performed by directors or senior officers of the Company and not, to any substantial degree, by any other person with whom the Company has contracted.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Approval of Stock Option Plan

At the Meeting, the Company's shareholders will be asked to consider, and if thought advisable, to pass an ordinary resolution in substantially the form set forth in Schedule "B" hereto to confirm and approve the Stock Option Plan. Under TSX-V policy, all such rolling stock option plans which set the number of Common Shares issuable under the Stock Option Plan at a maximum of 10% of the issued and outstanding Common Shares must be approved by shareholders on an annual basis.

The Board implemented the Stock Option Plan effective July 25, 2014. The number of Common Shares which may be issued pursuant to options previously granted and those granted under the Stock Option Plan is a maximum of 10% of the issued and outstanding Common Shares at the time of the grant. In addition, the number of Common Shares which may be reserved for issuance to any one individual may not exceed 5% of the issued Common Shares on a yearly basis unless the Company has obtained disinterested shareholder approval, or 2% if the optionee is engaged in "investor relations activities" (as defined in the TSX Venture Exchange Corporate Finance Manual) or is a consultant. The number of Common Shares which may be reserved for issuance to insiders of the Company as a group may not exceed 10% of the issued Common Shares on a yearly basis. The number of Common Shares which may be reserved for issuance to any one consultant may not exceed 2% of the issued Common Shares on a yearly basis.

The purpose of the Stock Option Plan is to allow the Company to grant options to directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board and are required to have an exercise price no less than the closing market price of the Common Shares prevailing on the day that the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the TSX-V. Pursuant to the Stock Option Plan, the Board may from time to time authorize the issue of options to directors, officers employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries ("**Eligible Persons**").

The Stock Option Plan contains no vesting requirements, but permits the Board to specify a vesting schedule in its discretion. The Stock Option Plan provides that if a change of control, as defined therein, occurs, all shares subject to option shall immediately become vested and may thereupon be exercised in whole or in part by the option holder. If the optionee ceases to be an Eligible Person, by reason of termination for cause, any outstanding option held on the date of termination will be cancelled as of that date. If the optionee ceases to be an Eligible Person by reason of early retirement, voluntary resignation or termination other than for cause, then each option held by the optionee shall be exercisable in respect of that number of options that have vested pursuant to the terms of the option agreement governing such option at any time up to but not after the earlier of the expiry date of that option and the date which is 90 days after the optionee ceases to be an Eligible Person (or 30 days if the optionee was engaged in "investor related activities"). If the optionee ceases to be an Eligible Person by reason of death or disability, then each option held by the optionee will be exercisable in respect of that number of options

that have vested pursuant to the terms of the option agreement governing such option at any time up to but not after the earlier of the expiry date of that option and the date which is 12 months after the date of death or disability.

The full text of the Stock Option Plan is available upon request to the Secretary of the Company at 410 - 625 Howe Street, Vancouver, British Columbia, V6C 2T6 (Telephone: (604) 646-1899) and will also be available for review at the Meeting.

Management of the Company believes that re-approval of the Stock Option Plan as described above is in the best interests of the Company and recommends that shareholders vote in favour of the ordinary resolution re-approving the Stock Option Plan.

In the absence of instructions to the contrary, the persons named in the form of proxy intend to vote for the approval of the Stock Option Plan.

Under the Credit Agreement the Company had borrowed an aggregate principal amount of \$5,600,000 from Mr. Ross Beaty and together with accrued aggregate interest of \$258,356 as at October 6, 2021 (the “**Debt Settlement Closing Date**”), the total amount owing pursuant to the Credit Agreement as at the Debt Settlement Closing Date was \$5,858,356 (the “**Debt**”) evidenced by a series of promissory notes issued by the Company to Mr. Ross Beaty.

The Company and Mr. Ross Beaty entered into a shares for debt agreement dated as of the Debt Settlement Closing Date, pursuant to which Mr. Ross Beaty purchased and the Company issued 8,666,666 Common Shares by setting off and exchanging \$5,200,000 of the Debt at a price of \$0.60 per Common Share (the “**Initial Debt Settlement**”). At the Debt Settlement Closing Date, Mr. Ross Beaty’s ownership percentage was 19.98% of the issued and outstanding Common Shares.

Mr. Ross Beaty and the Company intend to settle the amount of the Debt remaining after the Initial Debt Settlement, together with all accrued and unpaid interest calculated as at the Remaining Debt Settlement Date (as defined below) that is due under the Credit Agreement (the “**Remaining Debt**”) by subscribing for and issuing, respectively, the number of Common Shares (the “**Remaining Settlement Shares**”) set out below. Mr. Ross Beaty will pay for the Remaining Settlement Shares by setting off and exchanging the Remaining Debt for Common Shares at the Remaining Debt Price (as defined below) (the “**Remaining Debt Settlement**”). The Remaining Debt at the Debt Remaining Debt Settlement Date is estimated to be \$665,427.

The “**Remaining Debt Price**” shall be the greater of (i) \$0.60; (ii) the volume weighted-average trading price of the Common Shares on the TSX-V for the five trading days on the TSXV immediately prior to the Remaining Debt Settlement Date, or (iii) such greater price as may be required by the TSX-V.

The Corporate Finance Policies of the TSX-V:

- define a “**Control Person**” as being:

- any person that holds or is one of a combination of Persons that holds a sufficient number of any of the securities of an issuer so as to affect materially the control of that Issuer, or
- that holds more than 20% of the outstanding voting shares of an issuer except where there is evidence showing that the holder of those securities does not materially affect the control of the issuer; and
- require the Company to obtain disinterested shareholder approval as a condition of any private placement financing transaction or shares for debt transaction that will result in the creation of a new Control Person.

The Remaining Debt Settlement will have the effect of causing Mr. Ross Beaty to become a “Control Person”, as that term is defined by the policies of the TSXV, of the Company and will therefore require the approval of disinterested shareholders of the Company and the TSXV (the “**Remaining Debt Approvals**”). Subject to and three business days following the receipt of the Remaining Debt Approvals (the “**Remaining Debt Settlement Date**”), Mr. Ross Beaty will accept in full and complete satisfaction of the Remaining Debt and the Company will issue to Mr. Ross Beaty, such number of Common Shares that is equal to a quotient where the numerator is the Remaining Debt and the denominator is the Remaining Debt Price.

At the Remaining Debt Settlement Date, Mr. Ross Beaty’s ownership percentage is anticipated to be approximately 20.2% of the issued and outstanding Common Shares.

At the Meeting, shareholders will be requested to consider and, if thought advisable, pass an ordinary resolution in substantially the form set forth in Schedule “C” hereto, excluding the votes attached to Common Shares held by Mr. Beaty and his associates and affiliates, to confirm and approve the creation of a new Control Person pursuant to the Remaining Debt Settlement.

Management of the Company believes that approval of the creation of a new Control Person of the Company as described above is in the best interests of the Company and recommends that shareholders vote in favour of the ordinary resolution approving the creation of a new Control Person of the Company.

In the absence of instructions to the contrary, the persons named in the form of proxy intend to vote for the approval of the new Control Person of the Company.
